STUDIO SESSIONS WITH SAM

These sessions are open to anyone desiring an Open Studio with great conversation and camaraderie. While there is no formal instruction, Sam will be there for guidance, technical assistance and objective critiques. Each student will decide on subject and medium and work on projects of their choosing. If the class decides that they want additional instruction in a particular medium or subject, we can go in that direction. A materials fee will be collected by instructor if a student needs to use Sam's supplies. If you don't think you can make every class, you can pay per class (Sam will calculate fee at end of classes).
